The Objects of the Association

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory Business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing collecting or canvassing for any fraudulent or "fake" Directory.

Introductory

THE PUBLISHERS take pleasure in presenting herewith the Twelfth Edition of Henderson's Moose Jaw Directory, comprising the territory of the City proper and its Suburbs.

The Advertising Department presents the names of corporations, firms and individuals who have made Moose Jaw the great city that it is, and who are a power in the financial, industrial and commercial world of Western Canada.

The Miscellaneous Section, in the front part of the volume, contains statistics and information, much of which is not to be found elsewhere in print.

The value of the street section is often unappreciated by some who desire to find a certain house on a street unfamiliar to them to the extent it should be. By application of the following example the location of any street number can be found expeditiously: Suppose 246 Athabasca Street East is wanted: refer to street section Athabasca Street East—glance down to 246, then to the nearest intersection to 246. It will be found that this number is on the north side of the street, four houses east of 2nd Avenue N.E., between 2nd and 3rd Avenues N.E.

The Classified Directory contains a complete alphabetically arranged list of all articles manufactured and sold in Moose Jaw, which forms a most efficient wholesale and retail buyers' guide.

Advertising Moose Jaw

The Moose Jaw Directory is placed in the Directory and Public Libraries throughout the United States and Canada, where it serves the public as a valuable book of reference and the city it represents as a splendid standing advertisement, for no other publication can convey such an idea of the city, its business interests and all the various institutions and organizations. Few people realize what splendid publicity this affords the City and its industries.

1921 Population of Moose Jaw, 22,961

These figures are an estimate only, based upon the number of names the Directory contains. **It is not a census.**

The Publishers desire to thank the general public for the courtesy and assistance extended to their representatives; especially the business and professional firms and individuals whose support, by advertising in the Directory, has made the publication possible.

17114 City of Moose Jaw

The city of Moose Jaw is situated on the open prairie 400 miles west of Winnipeg, 420 miles east of Calgary and 100 miles north of the International boundary. It is grand divisional point and the provincial centre of the Canadian Pacific Railway.

Moose Jaw is essentially a railway centre. In addition to being served by the main line of the Canadian Pacific Railway, it is also served by the Canadian National Railways. It is also located at the junction of the Soo Line running direct to St. Paul and Chicago. There are no less than nine lines of railway radiating from the city at the present time, while several additional branches are being proposed as soon as conditions generally will permit of their construction. The C. P. R. is at present engaged in the election of a large new station and administration building, enlarged freight sheds, new express and telegraph offices, etc., at an estimated cost exceeding one million dollars.

The city is surrounded by a rich agricultural country which is well settled with prosperous farmers. Crops are noted for their uniform quality and high yield. Mixed farming is coming to the front in the district and the extensive co-operative stockyards recently established under the supervision of the Provincial Government afford the farmers excellent opportunities for the disposal of their cattle, sheep, hogs and horses.

The city is developing as an industrial centre. Plants operating include the famous Robin Hood Flour Mills, large packing plant, creamery with annual sales exceeding one and a half million dollars, wholesale candy factory employing nearly one hundred hands, sash and door factories, box and crate factory, oil refinery, fire brick and tile factory, iron foundry, and numerous smaller undertakings all doing an increasing volume of business.

While the city is primarily a railway centre it is also very prominent, and is developing very quickly as a wholesale distributing centre. This is due to the excellent railway facilities available and to the extended well settled territory tributary to the city. Moose Jaw is the logical distributing point for two smaller cities, thirty towns, one hundred and ten villages and one hundred and thirty hamlets. The lines distributed include meats, groceries, fruits, biscuits, hardware, furniture, boots and shoes, dry goods, confectionery, lumber, flour and feed, lumber, farm machinery, building materials, oils and greases, automobiles, etc., etc.

Moose Jaw is an important financial centre. Ten banks carry on an every increasing volume of business, and the confidence of their executives in the future of the city is reflected in the handsome buildings erected.

The city is an important educational centre. There are twelve thoroughly modern public schools, two well equipped collegiate institutes, Roman Catholic Separate School, excellent residential college for boys (non-sectarian), two business colleges, musical conservatory, and a large public library containing more than 15,000 volumes, in addition to a wide selection of papers, trade and technical journals, magazines, etc.

The importance of the city as a government centre—both federally and provincially—is reflected in the fine Post Office Building, the Dominion Armouries, the Court House, the Land Titles Office, the Provincial Government Telephone Exchange, etc.

Moose Jaw has 22 churches, 9 hotels, 9 hospitals and Homes, Y. M. C. A., Y. W. C. A., 200 acres of public parks, 75 miles of concrete and plank sidewalks, paved business streets, electric street railway, boulevarded residential streets, ornamental street lighting, modern department stores, wide business streets, well equipped and administered hospitals, etc. The city owns and operates its own light and power plant, waterworks system, markets, incinerator, etc.

There are excellent openings in the city for flour mills, all kinds of wholesale distributing houses, soap factories, tanneries, biscuit factories, abattoirs, etc.

MOOSE JAW COLLEGE

This is a Residential College for young men and boys of all ages, and opened for the admission of students on September 10th, 1913. The institution has been organized by the Synod of Saskatchewan of the Presbyterian Church, but is non-sectarian. Students are admitted at any time during the term, and their fees are proportionate for the time spent. The new buildings are situated on the top of College Hill overlooking the city on a site of forty-five acres. It is intended to enlarge the present buildings and then erect the Ladies' College as soon as possible. The college grounds are bounded by 7th Avenue Southeast, Coteau Street, 9th Avenue Southeast and the Canadian Pacific Railway, and are on the east side of the Moose River adjoining River Park,

COLLEGE OF AGRICULTURE

The College of Agriculture is a part of the University and stands in the same relation to the University as does the College of Arts and Science. It has a number of buildings planned and equipped for carrying on its particular work and a staff of its own for the purpose of giving instruction especially in the technical subjects and elemen-

tary work in English, Mathematics and Sciences. Its laboratories and equipment are under certain limitations and restrictions, available to students in the other colleges of the University for the purpose of scientific research.

The aim of the College is to give the students under its care a good, practical training in the different technical subjects that bear upon the various phases of agriculture, such as animal husbandry, field husbandry, farm mechanics, farm engineering, dairying, horticulture, tree planting and others; to give them a good, liberal education in various other branches such as will enable them to adapt themselves readily, without great loss of time and energy, to new and varied conditions, and to fit them for their duties as good citizens.

Lending Department

This library has now over 17,000 volumes available for lending, Literature, Art, History, Biography, Travel and Useful Arts being especially well represented. It is the aim of the library to make its collection of technical books as complete as possible.

Reference Department

The Reference Library is designed to meet the needs of students and workers in every field who need special data of any kind. Telephone or mail enquiries receive prompt attention. Special lists of the best books and articles on any subject will be prepared at any time by the librarian.

Children's Department

This department is a separate collection of 3,000 carefully selected volumes. Children up to fourteen are eligible for membership. This department will be found in the south reading room. Parents are especially invited to visit this very attractive room.

Reading Rooms

There are two reading rooms. The library receives regularly over 150 periodicals, the back numbers of all important ones being filed for reference.

Lecture Hall

The lecture hall is a beautiful little auditorium on the upper floor, seating 112. This room is available free for any educational purpose. It has been in constant use since the building was opened.
